Our Vision

Provide the best platform for

PHYSICAL MARINE FUELS TRADING

The AGT Bunkering is established in 2020 in Dubai as a Trading company dealing across commodities. Today AGT is Trading Petroleum, Petrochemicals (Hydrocarbons And Byproducts) and as a physical bunker supplier.

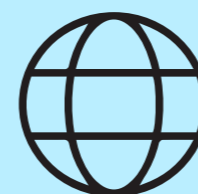

We move physical commodities from where they are plentiful to where they are most needed – reliably, efficiently and responsibly, through our regional offices and representative offices.

AGT Benchmarks against international best practices in trading, trade finance, risk management and operations. with an eye on the future, we cultivate and train a young, active and diverse workforce who are challenged and trained to deliver value to our regional partners.

The team at AGT are highly skilled, knowledgeable, and most importantly reliable. The dedication and professionalism required to consistently deliver results is exceptionally rare but in such a competitive and high value industry it is also of paramount importance to us to be continuously efficient.

The Group boasts a world class, proven and young management team, with the desire to change the global trading landscape, who hail from qualified backgrounds of trading houses and financial institutions.

Our greatest asset is customer. We aim to provide best in class services.

OUR TEAM

- Customer Recognition
- Integrity & Transparency
- Commitment & Accountability
